Instructions for speakers

The whole workshop will take place in live.
One single Zoom link per day will be inserted in the Aviso web page.

Please log in at least 15 minutes before the scheduled time.

Your connexion to the Zoom session

Please make sure that your name / first name / organization appears correctly when you log in. To modify it, click on the participant list, and right-click on your first name.

A waiting room is set up, wait while you are admitted to the session.

Please make sure to share the sound of your computer when you enter the session (bottom left corner of your screen).

Someone from the organization will give you the rights of "co-host" in Zoom so that you can share your screen.

At the time of your intervention, you will be introduced by the chairperson of the session.

1. Switch on your camera (START VIDEO button at the bottom left of your screen)
2. Share your screen (SHARE SCREEN, green button) to display your presentation that you have previously opened on your PC in slideshow mode.

The time of your presentation is 20 minutes.

At the end of your presentation, remember to turn off screen sharing.

We recommend you to:

- Download the latest version of the Zoom application a few days before the event for better handling.
- To have an isolated and quiet place where you can talk freely.
- Check your speakers, microphone, camera and connection (which should be good).
- Be careful what others can see on your webcam or when sharing screens.

Do not hesitate to come and test your connection to Zoom during the session scheduled for Thursday 11 March from 8:30 am to noon (French time).

Thanks again for your contribution!
Instructions for Participants

The whole workshop will take place in live. One single Zoom link per day will be inserted in the Aviso web forum.

General information on the workshop

On the Aviso web forum: https://cfosatst.aviso.altimetry.fr/

Connect to the daily Zoom link to follow live presentations.

Please note that all abstracts and presentations will be accessible from the Aviso meeting website.

Questions

After each presentation a question-and-answer time of 5 minutes is scheduled.

Promote questions live via the Zoom chat. A moderator/chair person will pick-up 3 or 4 questions.

If we do not have enough time to answers all questions please report them into the CFOSAT Forum.

The Forum is made to exchange during and after the Workshop.

Contact

For any questions regarding connection: cfosat@cborg.fr

If you are unable to connect, please call +33 (0)5 63 72 31 00

We recommend you to:

- Download the latest version of the Zoom application a few days before the event for better handling.
- To have an isolated and quiet place where you can talk freely.
- Check your speakers, microphone, camera and connection (which should be good).
- Be careful what others can see on your webcam or when sharing screens.

We count on your active participation throughout the day!
